出版时间:2006-10-1

装帧:Hardcover

isbn:9781582461717

Christopher Philips-known for promoting the art of Socratic inquiry to adults and older children around the world-now turns his attention to the very young. Ceci Ann approaches her day with an open and questioning mind. Why? Why not! This winsome model for thoughtful conversations will encourage young readers toward critical thinking in the years ahead.
