isbn:9781444336108

This book examines current research centered on the second language classroom and the implications of this research for both the teaching and learning of foreign languages. It offers illuminating insights into the important relationship between research and teaching, and the inherent complexities of the teaching and learning of foreign languages in classroom settings. \* Offers an accessible overview of a range of research on instruction and learning in the L2 classroom\* Bridges the relationship between research, teachers, and learners\* Helps evolve the practice of dedicated current language teachers with research findings that suggest best practices for language teaching

## 评论

读得很累，不想写论文，不想研究语言教学，来不及回头了

-----  
Ellis那套teacher-talk, use of L1, focus on form & focus on forms.这本书的central question是how does teaching promote interlanguage development，是把L2看做一个整体
