作者介绍:

目录: Contents
A Brief Look at Accounting-Its Past, Present,
and Future
Early Accounting
Double-Entry System
Industrial Revolution
Corporate Organization
Public Accounting
Income Tax
Government Influence
Accounting's Future
Do You Use Accounting
Part I
Basic Accounting Systems

1 Introduction to Accounting Concepts and Practice
Accounting as an Information System
Profession of Accounting
Private Accounting
Public Accounting
Professional Ethics for Accountants
Specialized Accounting Fields
Generally Accepted Accounting Principles
Business Entity Concept
The Cost Principle
Business Transactions
Assets, Liabilities, and Owner's Equity
Transactions and the Accounting Equation
Financial Statements
Income Statement
Statement of Owner's Equity
Balance Sheet
Statement of Cash Flows
2 Analyzing Transactions
Usefulness of an Account
Characteristics of an Account
Analyzing and Summarizing Transactions in Accounts
Balance Sheet Accounts
Income Statement Accounts
Withdrawals by the Owner
Normal Balances of Accounts
Illustration of Analyzing and Summarizing Transactions
Trial Balance
Discovery and Correction of Errors
Discovery of Errors
Correction of Errors
3 The Matching Concept and the Adjusting Process
The Matching Concept
Nature of the Adjusting Process
Recording Adjusting Entries
Deferred Expenses (Prepaid Expenses)
Deferred Revenue (Unearned Revenue)
Accrued Expenses (Accrued Liabilities)
Accrued Revenues (Accrued Assets)
Plant Assets
Work Sheet
Trial Balance Columns
Adjustments Columns
Adjusted Trial Balance Columns
Completing the Work Sheet
4 Completing the Accounting Cycle
Work Sheet
Income Statement and Balance Sheet Columns
Completing the Work Sheet
Financial Statements
Income Statement
Statement of Owner's Equity

Balance Sheet
Journalizing and Posting Adjusting Entries
Nature of the Closing Process
Journalizing and Posting Closing Entries
Post-Closing Trial Balance
Fiscal Year
Accounting Cycle
Appendix: Reversing Entries
Practice Set: Lany's Lawn Care
This set is available with transactions in narrative form. It provides practice in accounting for a sole proprietorship service business.
Part 2
Advanced Accounting Systems
5 Accounting Systems, Internal Control, and Special Journals
Principles of Accounting Systems
Cost-Benefit Balance
Effective Reports
Ability to Adapt to Future Needs
Adequate Internal Controls
Accounting Systems Installation and Revision
Systems Analysis
Systems Design
Systems Implementation
Internal Control
Objectives of Internal Control
Elements of Internal Control
Subsidiary Ledgers and Special Journals
Subsidiary Ledgers
Special Journals
Revenue Journal
Cash Receipts Journal
Accounts Receivable Control and Subsidiary Ledger
Purchases Journal
Cash Payments Journal
Accounts Payable Control and Subsidiary Ledger
Adapting Accounting Systems
Additional Subsidiary Ledgers
Modified Special Journals
Computerized Accounting Systems
6 Accounting for Merchandising Businesses
Nature of Merchandising Businesses
Accounting for Purchases
Purchases Discounts
Purchases Returns and Allowances
Accounting for Sales
Sales Discounts
Sales Returns and Allowances
Sales Taxes
Trade Discounts
Transportation Costs
Illustration of Accounting for Merchandise Transactions
Chart of Accounts* for a Merchandising Business

Income Statement for a Merchandising Business

Multiple-Step Form

Single-Step Form

The Accounting Cycle for a Merchandising Business

Merchandise Inventory Shrinkage

Work Sheet

Statement of Owner's Equity

Balance Sheet

Closing Entries

Appendix: Work Sheet and Adjusting and Closing Entries* for Merchandising Business

Practice Set: Poolside Products

This set is available with business documents. An optional narrative of transactions may be used. The set provides practice in accounting for a merchandising sole proprietorship that uses a perpetual inventory system and special journals. It may also be solved using the Solutions Software.

Practice Set: Cool Company

This is an interactive, computer-based set that gives immediate feedback as it is being solved. It provides practice in accounting for a merchandising sole proprietorship service business that uses a perpetual inventory system and a general journal.

Part 3

Assets and Liabilities

7 Cash

Nature of Cash and Importance of Controls Over Cash

Internal Control of Cash Receipts

Cash Change Funds

Cash Short and Over

Internal Control of Cash Payments

Basic Features of the Voucher System

Purchases Discounts Lost

Petty Cash

Other Cash Funds

Bank Accounts: Their Nature and Use as a Control Over Cash

Business Bank Accounts

Bank Statement

Bank Accounts as a Control Over Cash

Bank Reconciliation

Presentation of Cash on the Balance Sheet

Electronic Funds Transfer

8 Receivables and Temporary Investments

Classification of Receivables

Accounts Receivable

Notes Receivable

Other Receivables

Internal Control of Receivable*

Uncollectible Receivables

Allowance Method of Accounting for Uncollectibles

Write-offs to the Allowance Account

Estimating Uncollectibles

Direct Write-off Method of Accounting for Uncollectibles

Characteristics of Notes Receivable

Due Date
Interest
Maturity Value
Accounting for Notes Receivable
Discounting Notes Receivable
Dishonored Notes Receivable
Temporary Investments
Temporary Investments and Receivables in the Balance Sheet
9 Inventories
Internal Control of Inventories
Determining Actual Quantities in the Inventory
Procedures for Taking a Physical Inventory
Effect of Inventory Errors on Financial Statements
Inventory Costing Methods Under a Perpetual Inventory System
First-in, First-out Method
Last-in, First-out Method
Average Cost Method
Computerized Perpetual Inventory Systems
Inventory Costing Methods Under a Periodic Inventory System
First-in, First-out Method
Last-in, First-out Method
Average Cost Method
Comparing Inventory Costing Methods
Use of the First-in, First-out Method
Use of the Last-in, First-out Method
Use of the Average Cost Method
Selection of an Inventory Costing Method
Valuation of Inventory at Other Than Cost
Valuation at Lower of Cost or Market
Valuation at Net Realizable Value
Presentation of Merchandise Inventory on the Balance Sheet
Estimating Inventory Cost
Retail Method of Inventory Costing
Gross Profit Method of Estimating Inventories
10 Plant Assets and Intangible Assets
Nature of Plant Assets
Costs of Acquiring Plant Assets
Nature of Depreciation
Accounting for Depreciation
Straight-Line Method
Units-of-Production Method
Declining-Balance Method
Comparing Depreciation Methods
Depreciation for Federal Income Tax
Revision of Periodic Depreciation
Recording Depreciation
Subsidiary Ledgers for Plant Assets
Depreciation of Plant Assets of Low Unit Cost
Composite-Rate Method
Capital and Revenue Expenditures
Capital Expenditures
Revenue Expenditures
Summary of Capital and Revenue Expenditures
Disposal of Plant Assets

Discarding Plant Assets
Sale of Plant Assets
Exchanges of Similar Plant Assets
Leasing Plant Assets
Internal Control of Plant Assets
Intangible Assets
Patents
Copyrights
Goodwill
Financial Reporting for Plant Assets and Intangible Assets
Appendix: Sum-of-the-Years-Digits Depreciation
11 Payroll, Notes Payable, and Other Current
Liabilities
Payroll and Payroll Taxes
Liability for Employee Earnings
Deductions from Employee Earnings
Income Taxes
Computing Employee Net Pay
Liability for Employer's Payroll Taxes
Accounting Systems for Payroll and Payroll Taxes
Payroll Register
Employee's Earnings Record
Payroll Checks
Payroll System Diagram
Internal Controls for Payroll Systems
Employee's Fringe Benefits
Vacation Pay
Pensions

Postretirement Benefits Other Than Pensions

Short-Term Notes Payable

Product Warranty Liability

Practice Set Waterworks

This set is available with business documents. An optional narrative of transactions may be used. The set provides practice in accounting (including payroll) for a merchandising sole proprietorship that uses special journals. It may also be solved using the Solutions Software.

Part 4

Accounting Principles

12 Concepts and Principles

Nature of Concept* and Principles

Development of Concepts and Principles

Statements of Financial Accounting Concepts

Business Entity Concept

Going Concern Concept

Objectivity Concept

Unit of Measurement Concept

Scope of Accounting Reports

Changes in the Value of the Dollar

Accounting Period Concept

Matching Concept

Revenue Recognition

Expense Recognition

Adequate Disclosure Concept

Accounting Methods Used
Changes in Accounting Estimates
Contingent Liabilities
Financial Instruments
Segments of a Business
Events Subsequent to Date of Statements
Consistency Concept
Materiality Concept
Conservatism Concept
Role of Auditing of Financial Statements
Part 5
Partnerships
13 Partnership Formation, Income Division,
and Liquidation
Characteristics of Partnerships
Advantages and Disadvantages of Partnerships
Accounting for Partnerships
Formation of a Partnership
Determining Net Income or Net Loss
Income Division-Services of Partners
Income Division-Services of Partners and Investment
Income Division-Allowances Exceed Net Income
Reporting Changes in Partners' Equities
Partnership Dissolution
Admission of a Partner
Withdrawal of a Partner
Death of a Partner
Liquidating Partnerships
Gain on Realization
Loss on Realization
Loss on Realization-Capital Deficiency
Errors in Liquidation
Part 6
Corporations
14 Corporations: Organization and Equity
Rights
Nature of a Corporation
Characteristics of Corporations
Forming a Corporation
Stockholders' Equity
Sources of Paid-in Capital
Stock
Other Sources of Paid-in Capital
Issuing Stock
Interpreting Stock Quotations
Premium on Stock
No-Par Stock
Treasury Stock Transactions
Reporting Paid-in Capital
Stock Splits
Accounting for Dividends
Cash Dividends
Stock Dividends
Liquidating Dividends

Appropriations of Retained Earnings
Reporting Retained Earnings
Reporting Retained Earnings in the Balance Sheet
Retained Earnings Statement
Combined Income and Retained Earnings Statement
Statement of Stockholders' Equity
15 Corporate Earnings, International Transactions, and Investments in Stocks
Corporate Income Taxes
Payment of Income Taxes
Allocation of Income Taxes
Unusual Items that Affect the Income Statement
Discontinued Operations
Extraordinary Items
Changes in Accounting Principles
Earnings Per Common Share
Foreign Currency Exchange Gains and Losses
Realized Currency Exchange Gains and Losses
Unrealized Currency Exchange Gains and Losses
Prior-Period Adjustments
Analyzing Investments in Stocks
Price-Earnings Ratio
Equity Per Share
Accounting for Long-Term Investments in Stocks
Cost Method
Equity Method
Sale of Long-Term Investments in Stocks
Business Combinations
Mergers and Consolidations
Parent and Subsidiary Corporations
Consolidated Financial Statements
Practice Set: First Designs Inc.
This set is available with transactions in narrative form. It provides practice in accounting for a merchandising corporation that operates a departmentalized business and uses a periodic inventory system and special journals. It may also be solved using the Solutions Software.
16 Bonds Payable and Investments in Bonds
Financing Corporations
Characteristics of Bonds Payable
The Present-Value Concept and Bonds Payable
Present Value of the Face Amount of Bonds
Present Value of the Periodic Bond Interest Payments
Accounting for Bonds Payable
Bonds Issued at Face Amount
Bonds Issued at a Discount
Amortization of a Bond Discount
Bonds Issued at a Premium
Amortization of a Bond Premium
Zero-Coupon Bonds
Bond Sinking Funds
Bond Redemption
Investments in Bonds
Accounting for Bond Investments-Purchase, Interest, and

Amortization 583

Accounting for Bond Investments-Sale

Corporatlon Balance Sheet

Balance Sheet Presentation of Bonds Payable

Balance Sheet Presentation of Bond Investments

Appendlx-Effectlve Interest Rate Method of Amortlzallon

Amortization of Discount by the Interest Method

Amortization of Premium by the Interest Method

Practice Set: Compsoft Inc.

This set is available with transactions in narrative form. It provides practice in accounting (including corporate debt) for a merchandising corporation that uses a general journal. It may also be solved using the Solutions Software.

Practice Set: SEMO Sporting Goods Supply Inc.

This set requires locating errors in recording and posting transactions, preparing correcting entries, and preparing financial statements for a wholesaling corporation.

17 Statement of Cash Flows

Purpose of the Statement of Cash Flows

Reporting Cash Flows

Cash Flows from Operating Activities

Cash Flows from Investing Activities

Cash Flows from Financing Activities

Illustrations of the Statement of Cash Flows

Noncash Investing and Financing Activities

Cash Flow Per Share

Statement of Cash Flows-The Indirect Method

Retained Earnings

Common Stock

Preferred Stock

Bonds Payable

Equipment

Building

Land

Long-Term Investments

Preparing the Statement of Cash Flows

Statement of Cash Flows-The Direct Method

Cash Received from Customers

Cash Payments for Merchandise

Cash Payments for Operating Expenses

Gain on Sale of Investments

Interest Expense

Cash Payments for Income Taxes

Reporting Cash Flows from Operating Activities-Direct Method

Appendlx: Work Sheet for Statement of Cash Flows

Work Sheet-Indirect Method

Work Sheet-Direct Method

PracticeSetInc.

This is an interactive, computer-based set that gives immediate feedback as it is being solved. It provides practice in accounting for a merchandising corporation that uses a perpetual inventory system and a general journal.

Part7

Managerial Accounting Principles and Systems

18 Managerial Accounting Concepts and Principles

The Differences Between Managerial and Financial Accounting

The Role of the Management Accountant

Where Does the Management Accountant Fit in an Organization?

Ethical Role of Management Accountants

Managerial Accounting In the Management Process

Planning

Directing

Controlling

Improving

Decision Making

A Tour of Manufacturing Operations: Costs and Technology

Direct and Indirect Costs

Manufacturing Costs

Product Costs and Period Costs

Financial Statements for Manufacturing Businesses

Trends In Business

Just-in-Time Manufacturing

Total Quality Management

Computer-Integrated Manufacturing

Globalization of Business

Service Industry Awareness

Practice Set: Highpoint Solar Inc.

This set is available with transactions in narrative form. It provides practice in accounting for a manufacturing corporation that uses a job order cost system. It may also be solved using the Solutions Software.

19 Job Order Cost Systems

Usefulness of Product Costs

Cost Accounting System Overview

Job Order Cost Systems for Manufacturing Businesses

Cost Flow Overview-Job Order Cost System

Materials

Factory Labor

Factory Overhead

Work in Process

Finished Goods and Cost of Goods Sold

Sales

Summary of Cost Flows for Goodwell Printers

Job Order Costing for Decision Making

Job Order Cost Systems for Service Businesses

Appendix: Activity-Based Costing

20 Process Cost System

Comparing Job Order Costing and Process Costing

Physical Flows and Cost Flows for a Process Manufacturer

The First-in, First-out (FIFO) Method

Step 1: Determine the Units to Be Assigned Costs

Step 2: Calculate Equivalent Units of Production

Step 3: Determine the Cost Per Equivalent Unit

Step 4: Allocate Costs to Transferred and Partially Com-

pleted Units
Bringing It All Together: The Cost of Production Report
Journal Entries for a Process Cost System
Using the Cost of Production Report for Decision Making
Just-in-Time Processing
Part 8
Planning and Control
21 Cost Behavior and Cost-Volume-Profit Analysis
Cost Behavior
Variable Costs
Fixed Costs
Mixed Costs
Summary of Cost Behavior Concepts '
Reporting Variable and Fixed Costs
Cost-Volume-Profit Relationships
Contribution Margin Concept
Mathematical Approach to Cost-Volume-Profit Analysis
Break-Even Point
Target Profit
Graphical Approach to Cost-Volume-Profit Analysis
Cost-Volume-Profit (Break-Even) Chart
Profit-Volume Chart
Use of Computers In Cost-Volume-Profit Analysis
Sales Mix Considerations
Special Cost-Volume-Profit Relationships
Margin of Safety
Operating Leverage
Assumptions of Cost-Volume-Profit Analysis
Appendix: Variable Costing
22 Budgeting
Nature and Objectives of Budgeting
Objectives of Budgeting
Human Behavior and Budgeting
Budgeting Systems
Static Budget
Flexible Budget
Computerized Budgeting Systems .
Master Budget
Income Statement Budgets
Sales Budget
Production Budget
Direct Materials Purchases Budget
Direct Labor Cost Budget
Factory Overhead Costs Budget
Costs of Goods Sold Budget
Operating Expenses Budget
Budgeted Income Statement
Balance Sheet Budgets
Cash Budget
Capital Expenditures Budget
Budgeted Balance Sheet
23 Performance Evaluation Using Variances
from Standard Costs

Standards
Setting Standards
Types of Standards
Reviewing and Revising Standards
Support and Criticism of Standards
Flexible Budgeting and Control
Direct Materials Variances
Direct Materials Price Variance
Direct Materials Quantity Variance
Direct Materials Variance Relationships
Reporting Direct Materials Variances
Direct Labor Variances
Direct Labor Rate Variance
Direct Labor Time Variance
Direct Labor Variance Relationships
Reporting Direct Labor Variances
Factory Overhead Variances
The Factory Overhead Flexible Budget
Variable Factory Overhead Controllable Variance
Fixed Factory Overhead Volume Variance
Reporting Factory Overhead Variances
Recording and Reporting Variances from Standards
Standards for Nonmanufacturing Expenses
Nonfinancial Performance Measures
24 Performance Evaluation for Decentralized Operations
Centralized and Decentralized Operations
Advantages of Decentralization
Disadvantages of Decentralization
Responsibility Accounting
Responsibility Accounting for Cost Centers*
Responsibility Accounting for Profit Centers
Operating Income
Service Department Charges
Controllable Operating Income
Responsibility Accounting for Investment Centers
Rate of Return on Investment
Residual Income
Nonfinancial Divisional Performance Measurement
Transfer Pricing
Market Price Approach
Negotiated Price Approach
Cost Price Approach
Part 9
Decision Making
25 Differential Analysis and Product Pricing
Differential Analysis
Lease or Sell
Discontinue a Segment or Product
Make or Buy
Replace Equipment
Process or Sell
Accept Business at a Special Price
Setting Normal Product Selling Prices

Total Cost Concept
Product Cost Concept
Variable Cost Concept
Choosing a Cost-Plus Approach Cost Concept
Activity-Based Costing
Product Profitability and Pricing Under Production
Bottlenecks
Product Profitability Under Production Bottlenecks
Product Pricing Under Production Bottlenecks
26 Capital Investment Analysis
Nature of Capital Investment Analysis
Methods of Evaluating Capital Investment Proposals
Methods that Ignore Present Value
Present Value Methods
Qualitative Considerations in Capital Investment Analysis
Factors That Complicate Capital Investment Analysis
Income Tax
Unequal Proposal Lives
Lease Versus Capital Investment
Uncertainty
Changes in Price Levels
Capital Rationing
Appendix A: Interest Tables
Appendix B: Codes of Ethics
Appendix C: Alternative Methods of Recording
Deferrals
Appendix D: Periodic Inventory Systems for
Merchandising Businesses
Appendix E: Periodic Inventory Systems for
Manufacturing Businesses
Appendix F: Annual Reports and Financial
Statement Analysis
Glossary
Index
