There are approximately 3,712 ways for a man to look stupid during pregnancy - "Dude, You're Gonna Be a Dad" is here to help readers avoid all (most) of them. True, it's the women who do the heavy lifting between the stick turning blue and the delivery room, but that doesn't mean men can't find a way to screw things up. With informative and entertaining dad-to-dad-to-be advice, author John Pfeiffer makes sure expectant fathers aren't caught slacking. "Dude, You're Gonna Be a Dad" tells guys to man up and teaches them a thing or two on how to make the entire process go much more smoothly. After reading, they'll know what's going on, what they should be doing, and what mistakes to avoid, and she will be happy because her man is just so smart and cares so much about her and his soon-to-be stork-delivered boss.
