著者:Lawrence Venuti (ed.)

出版者:Routledge

出版时间:2012-5-24

装帧:Hardcover

isbn:9780415613477

The Translation Studies Reader provides a definitive survey of the most important and

influential developments in translation theory and research, with an emphasis on twentieth-century developments. With introductory essays prefacing each section, the book places a wide range of seminal and innovative readings within their thematic, cultural and historical contexts. The third edition of this classic reader has been fully revised and updated and adds a new section: 2000 and beyond , which includes five new readings. These new readings bring the Reader up to date with recent developments in the field and include articles on translation and world literature and translation and the internet.

评论

如果好奇这些活在reference的reference里面的人当年自己是怎么说的，那就看看吧，当考古啦。看完chesterman后，对大部分观点都有了很强的批评力。Only Toury heard what Holmes said. 哈哈哈哈哈

It is a collection with all the must-know theories in translation studies. Best match with Munday.

intro to translation theories

Translation theory not for career-oriented practices but as a part of literary theory
