Meih Jai Si Chou is a full collection of Mr. Yim's poetry works between 2008 and 2011. The book, featuring his works on his college life, friends and teachers, is a limited edition with 300 copies. The book is designed and bound in the form of the traditional Chinese ancient book which is the earliest form of back-bone binding in China, known as the Butterfly Binding(蝴蝶裝). The words are printed in a special font used in The Kang-Xi Dictionary(康熙字典, 1716). The reader will find the elegantly designed book a good read.
