著者:Sylvia Walby

出版者:Wiley-Blackwell

出版时间:1991-1-8

装帧:Paperback

isbn:9780631147695

Sylvia Walby provides an overview of recent theoretical debates - Marxism, radical and liberal feminism, post-structuralism and dual systems theory. She shows how each can be applied to a range of substantive topics from paid work, housework and the state, to culture, sexuality and violence, relying on the most up-to-date empirical findings. Arguing that patriarchy has been vigorously adaptable to the changes in women's position, and that some of women's hard-won social gains have been transformed into new traps, Walby proposes a combination of class analysis with radical feminist theory to explain gender relations in terms of both patriarchal and capitalist structure.

评论

精彩

很经典的书，书将patriarchy分类后，每章节都涉及了各流派的思想，并从发展的角度提出了变化趋势。

especially like the comment of dual-system theory and liberalism, but the catergorization is little bit confusing, since violence isn't confined to household, but workplace as well.
