## ABOUT THE AUTHOR

Jack London, who was to become one of the most highly paid authors of his day, was born in 1876, in San Francisco. He was the tenth child in his family, and consequently grew up in poverty. He had to work long hours for little pay; and he fell into the hands of thieves and cutthroats at an early age. In a few years, he turned to drinking as solace for his troubles.

Fortunately, before he was ruined by alcohol, London set sail on a seal ship. By the time he returned to San Francisco, many of his former companions had died. After a brief stint with the railway, London succumbed to his great desire to travel. He spent considerable time in the Klondike region of Alaska, which provided him with a setting for *Call of the Wild*. Here, too, London encountered the dog after which he modelled his hero, Buck.

*Call of the Wild* depicts the struggles of a spirited dog, learning to survive in a hostile world. He learns so well in fact that he wishes to leave civilization in the end to follow the "call of the wild."

## 书评

Buck is born to be a fabulous leader. That is his nature. That is what God sent him for. I smiled, I cried, I saw, I felt the great story. It weighs upon my heart. I pondered bitterly. I think everyone is sent to the earth for a reason. We are born to ...

巴克本是条好狗。  
在日复一日的平淡，不曾忍饥挨饿受虐待之前，巴克一直都是如此。它是条被驯养的狗，接受了文明人的教化、洗礼，融入了文明社会。  
只是突然有一天，一切都变了，没有任何征兆，也没有什么人看到，管家便把它带走了。管家因赌博输了很多钱，把巴克给卖了。 ...

This is the second time I have read the story, and I have finished it in just an afternoon. What Buck really attracts me is the wolf living in him. In fact, I believe there is a wolf living in everybody. So what I want to do is to awaken the wolf and fight ...

这是一本无与伦比的关于野性与天性的小说。巴克不是一条狗也不是一头山寨的狼，他是人，是梦想，是我们每一个人潜藏于血液中的一股尚未磨灭的梦想，是当我们还用四肢走路游荡于一棵又一棵高大树杈上时就被基因埋下的梦想。而这种梦想更是一种天性，而我坚信一切事物的天性即为...

前段时间和闺女看了一部关于雪橇犬的电影《Togo》，狗与人类的感情羁绊与生死相依表现的淋漓尽致，想到了杰克·伦敦这本著名的关于狗的小说，翻出了英文版看，中文被翻译为《野性的呼唤》。  
看原文的好处，是能直接体会杰克·伦敦那种硬朗，甚至粗线条到简单的文字，同时，又因...

Buck's life was alike a human's life. When the comfortable surroundings that you get used to were accidentally destroyed, you would have to face up to transformations to keep alive. Initially he was a domestic dog and finally a completely wild wolf with onl...

Somehow I can hardly picture how Buck would physically look like, if he isn't a virtual legend, nor can I imagine the story of a civilian Southland dog surviving and becoming the leader among the sled dogs in the primitive, boreal land of Northern Canada, hi...

非常喜欢杰克\*伦敦的作品，最初是从《热爱生命》开始的，这本《野性的呼唤》同样地有着旺盛的生命力的张力。  
这本小说以一条狗的智商来叙述故事，很特别，也很动感。石雅芳的译本字句很美，推荐给小学高年级的孩子们读，从小懂得品味经典的力量。

小时候就着昏黄的灯光，如饥似渴地读完。不过是0.3元薄薄的小书，承载着我对于少年时代无限的追忆和留恋。荒野的呼唤，是the call of the wild的最好翻译

到底是写一个新的狼种的发现，还是写一直狗狗被逼成了狼呢。Buck不是说自己的爸爸妈妈都是狗狗吗？一个是。。。。一个是sheperd。。。。那怎么会是狼呢。。。不理解。如果是狗狗被逼成了狼，那也太恐怖了吧。。。。
