'Making every day's life extraordinary' is not just a slogan for Dutch designer and floral artist Pim van den Akker. His floral creations connect the worlds of design and floral art at the same time prove how natural forms, structures and colours are determined. Pim van den Akker is one of the top designers when it comes to floral art. Worldwide, his master classes and demonstrations attract many people. His innovative style with the

use of natural materials is to be shown and explained for the first time ever within the pages of 'The Floral Design Manual'. The author highlights the ingredients to be used as well as providing a clear explanantion on how the materials should be combined and processed in order to reach astonishing results. Over 200 of the chosen techniques are thematically categorised, which transforms this book into a complete and very practical reference work.
