The story of the Middle East in the early 20th century--through the eyes of two of that period's greatest Englishmen--Robert Graves and Lawrence of Arabia. "Brilliant and provocative."--The New York Times Beginning his life-long affair with the Middle East, T.E. Lawrence--Lawrence of Arabia--made his first journey to the region, a four-month walking tour of Syria studying the Crusaders' castles, while still a student at Oxford. He later returned to the area as an archeologist and at the outbreak of World War I was attached to British army intelligence in Egypt. In 1916 he set out on his greatest adventure. With no backing, Lawrence joined Arab forces facing almost insurmountable odds in a rebellion against Turkish domination. His brilliance as a desert war strategist made him a hero among the Arabs, a legendary figure throughout the world, and earned him the moniker Lawrence of Arabia. Lawrence, though, had a near-pathological dislike of publicity and, at the writing of this book, had begun a life of self-imposed obscurity as T.E. Shaw, an anonymous soldier in the RAF. First published in 1927, Robert Graves's biography remains a unique study of T.E. Lawrence. As a close friend (Lawrence had earlier saved the aspiring poet from bankruptcy), Graves was the only biographer to write with Lawrence's permission and cooperation and did so with understanding and insight that enabled him to separate the man from the myth.

T.E.Lawrence

## 评论

听的audio，前后几章还行，比较多RG的个人评述和TE的轶事，阿拉伯和巴黎会议基本可以跳过了。看了TEL to his biographers 就会知道RG基本无条件照搬TE的修改，什么都信呢
