isbn:9781118012871

Architectural Drawing is the classic, comprehensive compendium of architectural drawing. Featuring examples from many high-profile architects and firms, the nearly one-thousand drawings and photos in this book illustrate all of the various types and

methods of architectural drawing. The new Fourth Edition is fully updated throughout to cover all of the latest drawing methods and includes a new chapter on the convergence of digital and traditional drawing. Online instructor ancillaries will be offered.
