Along with a new cover illustration, WE3: THE DELUXE EDITION features 10 completely new story pages from the Eisner Award-winning of Grant Morrison and Frank Quitely integrated into the narrative. There's also a 28-page bonus section featuring a wealth of character designs and sketches from Quitely, plus commentary and script excerpts from Morrison. Here's some of the critical acclaim for WE3: "A groundbreaking and bravura performance. This is Morrison's most accessible tale ever, and one that is destined to be a classic." - PUBLISHERS WEEKLY. "WE3 has all the elements of a blockbuster." - LOS ANGELES CITY BEAT. "Creepily touching." - THE ONION A.V. CLUB. "Realistic and relevant." - THE WASHINGTON POST. "Startling, disturbing and perhaps enlightening ...a provocative tale." - THE ATLANTA JOURNAL CONSTITUTION. "Compelling, moving, and disturbing, this is a thought provoking work." - SCHOOL LIBRARY JOURNAL. "Simultaneously thrilling and touching yet not in the least sentimental." - BOOKLIST. "Action-packed and heart-wrenching, WE3 is a new high mark from two of comics' greatest talents." - GOOD READS.
