This book brings together a group of experts on Taiwan who attempt to analyse change on this dynamic island during the whole of the twentieth century. Thus, in contrast to many works on Taiwan, the nine papers show just how important the Japanese colonial antecedents were to the formation of today's Taiwan and help us to understand the complexity of the problems this island will face in the twenty-first century. The work of the various authors, many of them young Taiwanese, also show clearly that a simple divide of Taiwan's twentieth century history with the retrocession to Chinese rule in 1945 is not adequate for understanding the development of this island.

评论

大部分论文写得确实不错，不过对于我本来以为的娱乐读物来讲也太太太学术了点全是数据，看完头大 Orz

补标，4月外刊扫描。美国内政视野下的台湾关系和政制变革二文印象深刻，其余比较

疏松。
