As readers, we are accustomed to reading stories of war and injustice from the victims' point of view, sympathising with their plight. In *Detective Story*, the tables have been turned, leaving us in the mind of a monster, as Nobel Laureate Imre Kertész plunges us into a story of the worst kind, told by a man living outside morality. Now in prison, Antonio Martens is a torturer for the secret police of a recently defunct dictatorship. He requests and is given writing materials in his cell, and what he has to recount is his involvement in the surveillance, torture, and assassination of Federico and Enrique Salinas, a prominent father and son whose principled but passive opposition to the regime left them vulnerable to the secret police. Preying upon young Enrique's aimless life, the secret police began to position him as a subversive and then targeted his father. Once this plan was set into motion, any means were justified to reach the regime's chosen end - the destruction of an entire liberal class. Inside Martens's mind, we inhabit the rationalising world of evil and see first-hand the inherent danger of inertia during times of crisis. A slim, explosive novel of justice railroaded by malevolence, *Detective Story* is a warning cry for our time.

### 作者介绍:

Imre Kertész, who was born in 1929 in Budapest. As a youth, he was imprisoned in Auschwitz and later in Buchenwald. He worked as a journalist and playwright before publishing *Fatelessness*, his first novel, in 1975. He was awarded the Nobel Prize for Literature in 2002.

## 评论

伊姆雷早期的中篇，相关于秘密警察，展现犹太受迫害伤痕。没有很出众的描写，但是读起来颇压抑，一种黑暗的感觉。ps：中国翻译他的译者的余泽民，这名字不好搜啊。
