The "Penguin English Library Edition" of "Lady Audley's Secret" by Mary Elizabeth Braddon. "Lady Audley uttered a long, low, wailing cry, and threw up her arms above her head with a wild gesture of despair". In this outlandish, outrageous triumph of scandal fiction, a new Lady Audley arrives at the manor: young, beautiful - and very mysterious. Why does she behave so strangely? What, exactly, is the dark secret this seductive outsider carries with her? A huge success in the nineteenth century, the book's anti-heroine - with her good looks and hidden past - embodied perfectly the

concerns of the Victorian age with morality and madness. "The Penguin English Library" contains 100 editions of the best fiction in English, from the eighteenth century and the very first novels to the beginning of the First World War.

这得怎么写10页啊……

完全不必担心被吓着... 叙事水平一般 人物有些做作。对madness话题有兴趣
特别是女性的 精神病的形成与界定都有太强的社会因素
(不理解这个水平的小说如何让这个女作家发了财……

感慨万千！ 没穷过苦过的人可能无法想象这种不择手段。
