Hylas couldn't take it in. Last night he and Issi had made a camp in a cave. Now his sister was missing, his dog was dead, and he was running for his life. The Black Warriors - nightmares of black rawhide armour and bronze spears - want him dead. He doesn't know why, but their pursuit will be relentless. So begins his quest across land and sea with only Pirra, the rebellious daughter of a High Priestess, and a dolphin called Spirit for company. By the best-selling author of Wolf Brother, Gods and Warriors is this year's most hotly anticipated children's novel. The first book in a breathtaking adventure series set in the Greek Bronze Age: a time when the lowliest goatherd could rise to become a hero.
