In recent years the notion of parenting and parenthood have increasingly come under examination from the media and professionals and, in particular, government and politicians. More and more, parents are being held to account by society for their failure to deliver the sort of citizens it wants. But what are parents supposed to be doing? Are there some people that are inherently unfit to be parents and does there exist a body of knowledge that defines fit parenting? Who's fit to be a parent? covers this highly topical and important subject in a stimulating and accessible way that cuts across numerous professional disciplines and opens up the boundaries between professional and personal expertise on parenting. It is essential reading for any professional or student of social work and social policy, those working in the voluntary services concerned with the family, social policy makers and for anyone interested in understanding what it means to be a parent today.

评论

将家长比作一个职业，设计出职位描述，以有利于作评估。作者还自信地表示家长的工作是否类似企业高管。家长对孩子的其他教育工作者哪里来的如企业管理人对部下的义务和权利？通篇不但没有任何对儿童教育中涉及的角色（家长、教师、甚至这所谓的评估者）“合法性”的探讨，并且毫无哪怕一丝自反的影子。（难以想象作者是抱着怎样的豪情与勇气将其成书出版
