isbn:9780520083035

Challenging prevailing theories of development and labor, Gay Seidman's controversial study explores how highly politicized labor movements could arise simultaneously in Brazil and South Africa, two starkly different societies. Beginning with the 1960s, Seidman shows how both authoritarian states promoted specific rapid-industrialization strategies, in the process reshaping the working class and altering relationships between business and the state. When economic growth slowed in the 1970s, workers in these countries challenged social and political repression; by the mid-1980s, they had become major voices in the transition from authoritarian rule. Based in factories and working-class communities, these movements enjoyed broad support as they fought for improved social services, land reform, expanding electoral participation, and racial integration. In Brazil, Seidman takes us from the shopfloor, where disenfranchised workers organized for better wages and working conditions, to the strikes and protests that spread to local communities. Similar demands for radical change emerged in South Africa, where community groups in black townships joined organized labor in a challenge to minority rule that linked class consciousness to racial oppression. Seidman details the complex dynamics of these militant movements and develops a broad analysis of how newly industrializing countries shape the opportunities for labor to express demands. Her work will be welcomed by those interested in labor studies, social theory, and the politics of newly industrializing regions.

作者介绍:

Gay Seidman is Assistant Professor of Sociology at the University of Wisconsin, Madison.

## 评论

1、运用“求同法”的典范；2、强调后发国家工业化模式和全球市场对于劳工运动的影响；3、实业家与威权政府的分歧；4、始于劳工运动的民主化进程；5、“激进”不仅仅体现在组织还体现在诉求的政治化、广泛性；6、劳工与社区运动的联合“得益”于特殊的资本积累模式；7、感觉巴西写得比南非好。

-----  
田野中缓慢读完，还要返回来做笔记

-----  
到写文献综述的时候才恨笔记做得少，虽然理论和田野有太多契合点，然而一点都高兴不起来。以及，这老太太提问题的方式还真是绕呢
