Drawing on previously unused primary sources, this book paints an intimate and vivid portrait of Palestinian society on the eve of modernity. Through the voices of merchants, peasants, and Ottoman officials, Beshara Doumani offers a major revision of standard interpretations of Ottoman history by investigating the ways in which urban-rural dynamics in a provincial setting appropriated and gave meaning to the larger forces of Ottoman rule and European economic expansion. He traces the relationship between culture, politics, and economic change by looking at how merchant families constructed trade networks and cultivated political power, and by showing how peasants defined their identity and formulated their notions of justice and political authority. Original and accessible, this study challenges nationalist constructions of history and provides a context for understanding the Palestinian-Israeli conflict. It is also the first comprehensive work on the Nablus region, Palestine's trade, manufacturing, and agricultural heartland, and a bastion of local autonomy. Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history.

评论

非常厉害的一本书。作者从1700年以后纳布卢斯山区几个主要行业的生产关系入手，以城乡关系和行业兴衰为主要线索，分析该地区如何曲折地从相对自治的地区转变为一个中央管理的，处于世界经济体系内的地区，也指出了该地区如何适应环境的变化，以及在此过程中阶层结构的转变。相当厉害的社会史，作者的叙事能力简直是一绝。
