著者:Z Pelczynski

出版者:Cambridge University Press

出版时间:2010-8-11

装帧:Paperback

isbn:9780521099875

Originally published in 1971, this volume was created to commemorate the bicentenary of Hegel's birth in 1770. Thirteen essays are included from experts with diverse approaches, concentrating on the central issues of Hegel's political philosophy, and covering all of the major political works. These essays demonstrate the vitality of Hegel's philosophical perspective, engaging the reader and providing a way into the often difficult explication of his ideas. Whilst this is a commemorative edition, and the views put forward are broadly sympathetic, a critical distance is maintained, allowing for numerous fresh insights. Accessible and highly informative, this book will be of value to anyone with an interest in Hegelian thought and its political implications.
