This volume has been developed from the first extensive meeting of Japanese and Western phenomenologists, which was sponsored by the Center for Advanced Research in Phenomenology, Inc. and the Phenomenological Association of Japan and held in Sanda City. Chiefly philosophical and chiefly concerned with Husserl's thought, it also shows links with several human sciences and such figures as Wilhelm Dilthey, Eugen Fink, Martin Heidegger, Max Scheler, Alfred Schutz, and well as with Zen and the Japanese tradition in phenomenology, which is second only to the German in age and has recently blossomed anew. Further such meetings have occurred and are planning, building upon this foundation.
