Chinese Gardens recounts the history and development of Chinese gardens and their architectures. The author uses b&w and color pictures to explain various types of gardens and describes their meaning to the Chinese. This is a very useful book to learn more about Chinese culture by reading about the intricacy and profundity of Chinese gardens. Chinese Gardens is about the history and evolution, and the art and techniques of Chinese gardens and their architectures. The author compares the gardens with the appearance of natural landscapes and describes their meaning to the

Chinese, and the Chines

古人不同的空间感与取景观

-----  
因为在华东游园林期间，碰到很多外国朋友，所以想跟他们分享一下园林文化——那当然要用英语了。。
