I spy great art! Here's a seek-and-find book that invites youngsters to look at art in a special way: very closely! For each of the 19 paintings reproduced in full color here, a list of intriguing hard-to-find details sets readers off on a journey of art discovery. With major works from the collections of The Metropolitan Museum of Art in New York City, this book offers a close, closer, closest look at works from early Egyptian to 20th-century American. Included are paintings by Bruegel, Canaletto, Tiepolo, and many other artists. Whether children are hunting for four pink shoes, seven blue parasols, a chair in the air, or a man who looks like a rock, they are sure to find a wonderful new way to look at art. Published in association with The Metropolitan Museum of Art

在西雅图艺术博物馆的休息室和瓜妹一起看的，有对画的介绍，也有找画里的细节，很有意思，可以消磨很长时间。
