Meet Zigby—the zebra who trots into trouble! Help Zigby and his little animal friends count all the things they need to make a go-kart—1 loud horn, 2 shiny mirrors, 3 comfy cushions. When they have put everything together and used the brightly colored

paints, they have the most fantastic vehicle, just right for Zigby to take 10 small friends for a ride! Toddlers will love learning numbers 1-10 by pointing at the bold objects in this gloriously illustrated board book.
