Your challenge is to find the sum  
Without counting one by one  
Why not count? It's much  
too slow --  
Adding is the way to go!  
Make clever groups before you start --  
Then add

them in a way that's smart! MATH FOR ALL SEASONS will challenge every kid -- and every parent -- to open their minds and solve problems in new and unexpected ways. By looking for patterns, symmetries, and familiar number combinations within eye-catching pictures, math will become easier, quicker, and more fun than anyone could have imagined!
