If you're scheduled to take the SAT in March 2005 or later, get ready for something completely new. This revamped SAT features an entirely new Writing Section, a revised Critical Reading Section, and an increase in the maximum possible score from 1600 to 2400. That means that English language skills will now account for two thirds of your

SAT score. What's the best way to prepare yourself for this challenging new exam? SAT 2400!

This score-boosting guide to the new SAT jump-starts your test preparation with detailed explanations of the new and revised English sections and clear, complete instructions for taking--and acing--the new exam. Award-winning English professor Laurie Rozakis puts you on a firm footing with Five Great Ways to Prepare for the SAT. Her surefire tips and strategies for SAT success include:

Proven tactics for answering the three types of critical reading questions

Five steps for mastering sentence completions

Strategies for ensuring a high score on multiple choice writing questions

Top ten hints for writing a high-scoring essay

Complete with hundreds of sample questions, a diagnostic test to help you focus in your studies, and full-length verbal SATs with answer keys for practice, SAT 2400! is packed with all of the resources, guidance, and confidence-building help you need to do your very best on the new SAT.
