PB edition of this acclaimed history of the superhero-an affordable, must have for any superman fan Sixty-five years since his creation, Superman is still the most acclaimed and celebrated super hero in the world. Now in paperback, Superman: The Complete History has it all - interviews with writers and artists, hundreds of examples of the finest

comic book art working sketches and original character design. Les Daniels's acclaimed writing strikes a perfect tone that is casual enough for kids yet informative enough for collectors. Chip Kidd's innovative design promises to pull in the most cynical eye. Chockfull of memorabilia, fantastic toys, favourite scenes from movie and television dramatizations, this comprehensive and captivating commemoration invites fans to revel in the past sixty years of this American icon.
