isbn:9780804833660

"Instant Japanese" allows you to quickly and easily meet people, go shopping, ride the subway, ask for directions, order food and drinks, and much more. This thoroughly revised second edition of Boye Lafayette De Mente's classic, bestselling phrase book shows students and travelers how to maximize their communication skills. The idea is simple—learn 100 words and say 1,000 things. The trick is knowing which words to learn. This book presents a basic vocabulary that will be used over and over again. All of the phrases are given in both standard Roman and Japanese scripts. A brief guide to pronunciation helps you say the phrases correctly. And an easy-to-use, 250-word vocabulary list allows you to translate from Japanese to English and vice-versa. Grammatical and cultural notes are presented in clear, accessible language.
