出版时间:2004-04-15

装帧:Paperback

isbn:9780804833455

More Making Out in Japanese has been thoroughly updated and expanded to be even more helpful as a guide to modern colloquial Japanese for use in everyday informal interactions giving access to the sort of catchy expressions that arent covered in traditional language materials. As well as the romanised forms, each expression is now given in authentic Japanese script so that in the case of difficulties the book can be shown to the person the user is trying to communicate with.
