Inspired by an image of Christs suffering, Fyodor Dostoyevsky set out to portray a truly beautiful soul colliding with the brutal reality of contemporary society. Returning to St. Petersburg from a Swiss sanatorium, the gentle and naive Prince Myshkin known as the idiot pays a visit to his distant relative General Yepanchin and proceeds to charm the General and his circle. But after becoming infatuated with the beautiful Nastasya Filippovna, Myshkin finds himself caught up in a love triangle and drawn into a web of blackmail, betrayal, and, ultimately, murder. This new translation by David McDuff is sensitive to the shifting registers of the original Russian, capturing the nervous, elliptic flow of the narrative for a new generation of readers.

对话比起情节才是陀思妥耶夫斯基的作品的结构吧

I knew it is a sad story, and when I finished it, it is like a melancholy dream. At the beginning of the story I was in love with Nastasya, but not anymore in the end. I think I always like Rogozhin more than Myshkin...

人名太多看得我头疼
