An intense, psychologically charged domestic drama, The Return is a brilliant and haunting exploration of the insecurities that lie at the heart of human relationships. When successful businessman Alvan Hervey begins his daily journey back from the City, he has no idea what awaits him at home - for there, on his bedroom table, is a letter from his wife, confessing her ultimate betrayal: she has left him for another man. But no sooner has this awful truth begun to sink in, than Hervey finds himself face to face with his wife as she returns to make one last desperate attempt to save their marriage. With their world in tatters around them, husband and wife are forced to confront the truth.

一直很佩服康拉德作为英语非母语使用者，能够把主人公的思绪写得如此流畅。但有点可惜的是，这种流畅似乎很难体现在小说的对话中…这就导致这个故事在经过了一个极为惊艳的开头之后，从妻子登场起变成了一出舞台剧……科尔姆托宾作的序。
