Made in China is a fun-filled, action-packed journey into the heart of Chinese pop culture. For Asia-philes, designers, and pop culture junkies, designer Reed Darmon has collected the most colorful (and in some cases, the kookiest) Chinese ephemera in this

chunky paperback. Candy wrappers, firecrackers, Chairman Mao heads, and more! These objects are a testament to the age-old Chinese fascination with vivid hues and whimsical figures. Even humdrum, everyday items such as matchbooks and sock labels are decorated with exuberant illustration. A stylishly designed object and graphic essay in one, Made in China is a kaleidoscope of playful graphics and vibrant design, from the post-revolution '50s through today.

这本书雷到我了。。。在Chicago Cultural Centre买的，里面各种中国民国到大跃进文革等时期的产品，封面像“Lust,Caution"吧～

是本中国老东西的生活用品，包括香烟茶叶海报，以及带有历史符号的器物图片，书籍袖珍携带方便对研究中国元素具有参考价值。
