Set in Paris on the eve of World War II and sizzling with love, anger, and revenge, *She Came to Stay* explores the changes wrought in the soul of a woman and a city soon to fall. Although Fran oise considers her relationship with Pierre an open one, she falls prey to jealousy when the gamine Xavi re catches his attention. The moody young woman from the countryside pries her way between Fran oise and Pierre, playing up to each one and deviously pulling them apart, until the only way out of the triangle is destruction. "Behind the sympathy there is curiosity. . . . A writer whose tears for her characters freeze as they drop." Sunday London Times
