著者:Aristotle

出版者:Cambridge University Press

出版时间:1996-10-13

装帧:Paperback

isbn:9780521484008

This new collection of Aristotle's political writings provides the student with all the necessary materials for a full understanding of his work as a political scientist. Not only does it offer an unusually lucid and accessible account of *The Politics*, it also shows the relation between this and his studies as a constitutional historian. Only one of Aristotle's many constitutions - *The Constitution of Athens* - has survived and this is now presented here alongside *The Politics* so that the student can appreciate both the empirical and the theoretical aspects of Aristotle's political science. This expanded Cambridge Texts edition contains an extensive guide to further reading and an index of names with biographical notes, in addition to a revised and extended introduction. Presentation of *The Politics* and *The Constitution of Athens* in a single volume will make this the most attractive and convenient student edition of these seminal works currently available.

The Politics, and the Constitution of Athens

期末Mark课本~

剑桥本（那个萝卜希英本实在是看着费劲）；很多话不说死了

真受不了老亚同学的文风……干嘛这么热衷于分类和下定义呢……………

上课用的文本，包括《政治学》和《雅典政制》两本书

感觉亚里士多德逻辑有点儿混乱、 (ノ ◡ ヽ) 。
