What sort of "person" is God? Is it possible to approach him not as an object of religious reverence, but as the protagonist of the world's greatest book--as a character who possesses all the depths, contradictions, and abiguities of a Hamlet? In this "brilliant, audacious book" (Chicago Tribune), a former Jesuit marshalls a vast array of learning and knowledge of the Hebrew Bible to illuminate God--and man--with a sense of discovery and wonder.
