Are you madly in love or driven mad by it? Happily single or looking for a partner? Living together, married with kids, or dumped and desperate? Whatever the state of your love life, Hot Relationships has all the answers to your dating and relating dilemmas.

Funny, practical, and refreshingly realistic, it's packed with advice on everything from flirting and flings to monogamy and marriage. There are hot tips on getting over an ex, where to meet a partner, how to spot the losers, and how to breeze through that first date, as well as hints on fixing the fights, surviving jealousy and infidelity, and breaking bad love habits.

A must-have manual for singles, couples, men, and women, Hot Relationships shows you how to have one-and how to keep it that way.

Inside you'll learn:

How to get from bonking-each-other-senseless to couplesville (without losing the urge)

How to tame the green-eyed monster and what to do if your partner cheats (or you're tempted to)

What to do with loony libidos and lousy lovers, or if you're both too zonked to bonk
