isbn:9780500510940

For any organization, home office or major media corporation, information design is one of the most important elements of success, and yet, even in an increasingly media-savvy age, it remains one of the most overlooked areas of graphics. With examples drawn from top information designers around the world, this book sets out to make a vital part of design available to everyone living and working in the digital age. --This text refers to an out of print or unavailable edition of this title.

作者介绍:

Matt Woolman is Assistant Professor of Communication Design at Virginia Commonwealth University. He is the author of two Thames & Hudson books, Type in Motion (with Jeff Bellantoni) and Sonic Graphics / Seeing Sound. --This text refers to an out of print or unavailable edition of this title.
