It's elementary, dear readers: The Adventures of Sherlock Holmes is perhaps the greatest collection of detective stories ever written. Penned by Arthur Conan Doyle, they first introduced the magical and eccentric Holmes to the readers of The Strand

Magazine. In his consulting room at 221B Baker Street, the master sleuth receives a stream of desperate clients all with baffling and bizarre puzzles for him to solve--and thanks to his intuition and logic, he never fails to crack the case. The world's greatest works of literature are now available in these beautiful keepsake volumes. Bound in real cloth, and featuring gilt edges and ribbon markers, these beautifully produced books are a wonderful way to build a handsome library of classic literature. These are the essential novels that belong in every home. They'll transport readers to imaginary worlds and provide excitement, entertainment, and enlightenment for years to come. All of these novels feature attractive illustrations and have an unequalled period feel that will grace the library, the bedside table or bureau.

Kindle白送的书。特别读的下去，但不是因为说故事很吸引人，因为原本就看过译本。而是文笔。相较于其他的同期作家，他的单词要简单的多，同时句子都比较短，反正挺对我的路子
