This gorgeous book is actually two in one: page after page of recipes for fabulous desserts combined with all the information anyone will need on choosing a dessert wine. Peach Tarte Tatin with an intensely flavored ice wine brings out the fruit's summery spirit in this French favorite. A full-bodied vintage port with berry flavors provides the perfect foil to an amazingly decadent Chocolate Souffl Roulade for a little piece of heaven. A user-friendly chart cross-references wine types against typical dessert flavors for quick and easy matching advice. Add to that mouthwatering

photographs of the recipes and anyone can discover a whole new world of sweet wines and the desserts that love them.
