出版者:W W Norton & Co Inc

出版时间:2002-11

装帧:HRD

isbn:9780500510865

This excitingly illustrated book describes the new fabrics (including those made of metal, glass or ceramic yarns) developed for specialist sportswear - and how these are now being eagerly taken up by fashion. Packed with information, textual and visual, this cutting edge survey also includes a detailed glossary of technical terms and a directory of designers and manufacturers. No aficionado of either sport or fashion will be able to resist it; all design professionals will find it essential reading.

作者介绍:

Sarah E. Braddock studied at Winchester College of Art, the Fashion Institute of Technology, and the University of Michigan before becoming Lecturer in Textiles at Goldsmiths' College, University of London (1990-2001). Marie O'Mahony is an independent consultant specializing in textiles and technology.
