Shot entirely on location, Contemporary Asian Bathrooms presents the newest trends emerging in Asian home design. Over 180 full-colour photographs showcase the contemporary new look and fantasy appeal of today's bathrooms. The book includes page after page of one-of-a-kind indoor and outdoor bathroom designs in homes and

hotels across Southeast Asia, ranging from the minimalist to the exotic, and exclusive city penthouses to rural country homes. Here you'll find artfully arranged tubs and basins, shower curtains adjusted just so for perfect colouring, and glass panels placed at intriguing geometric angles. These brilliant strategies prove that asture decorators consider the bathroom as important as any other room.
