With over one hundred full-color photographs, Contemporary Asian Kitchens and Dining Rooms looks at a wide range of inspirational cooking and dining spaces, from the elegance of open-plan entertaining to the raw, modern look of an industrial kitchen.

Few rooms in the house depict the changing aesthetics of design as radically as kitchens and dining rooms. The growing trend toward modern fixtures and fittings in kitchens calls for more interactive and creative dining areas, a trend that is redefining the Asian home. Innovation and quality leap from every page of this book, which features the work of some of the best architects and designers from Singapore, Thailand, Malaysia and Bali. Special sections on al fresco dining as well as tips on how to create the ultimate in table settings give this book an up-to-the-minute edge. Every design is modern and appropriate for homes from Asia to America.
