## 评论

于无声处见惊雷。大师之作！

-----  
It's amazing...though I don't understand some of them. Especially like "Elephant", so rhythmic...this is a good selection, enough for semi-interested readers like me. In fact I read him because Haruki Murakami likes him.

## 书评

Carver's stories do not have anything dramatic, that's why I did not find it intriguing in the first place. However, the more I read, the more I get the charm of these stories. You may not have same experiences, but you must have experienced similar feeli...
