评论

作者在书中对每个提到的病例都有很详细的解说,更有作者从病人及上司身上领悟到的道理,都很有意义.

May said that I was literally “eating” away the books. Perhaps I am. // So I swallowed this book, in both auditory and textual forms, in about 10 days' time. Was rather surprised about the continued swears made by the surgeons - mostly male-when the operation goes wrong. The brainlessness of the surgeon was laughed away by May the internist-to-be.

i like the way the author describe the lives in hospitals...
