Was it really the Thomasina Tuckerton--dropout heiress turned bohemian beat girl--seen in a cafe brawl with another woman? Her obituary confirms it. Thomasina's unfortunate demise would have passed unnoticed if it hadn't been for the priest who suffered a fatal blow at the hand of a stranger only days later. What's the connection? A list of names hidden in father Gorman's shoes--among them, Miss Tuckerton's. It leads to a former country inn, now a house called, The Pale Horse, and a sinister pattern woven by three unusual ladies--a psychic, a medium, and a witch--each with a secret of her own.

## 评论

BBC Radio 4最近在放这个，分成3集，每星期一一集。

-----  
这个版本看上去蛮好的，有钱再说吧

-----  
我还是没想到

-----  
不是很中意这本。开头有点小乱，读到中部觉得好吸引人，结果结局亮点不够。像探险

小说。而且‘文学象征意义’我也看不出来。小失望。接下去sleeping murder

-----  
阿加莎的完美之作
