I will always be happy in the place where I am not

too wordy and too much narcissism

在Cordoba的住地主人家花两个晚上读完的，到最后也没有弄明白故事到底是怎样，或许我也一样被读着的故事绕进了一个自己也无法控制的迷宫。

I will always be happy in the place where I am not.

This is probably a conversation starter for a decent book, but it's not what I signed up for... The detective acts is too minor...

"I will always be happy in the place where I am not."

书评

"I will always be happy in the place where I am not." A book on subjectivity, authorship, urban crisis, fallen and salvation of mankind. strongly recommended
