英文版还是很感动
on the last page: i want to write about people who dream and wait for the night to end who long for the light so they can hold the ones they love. But right now i have to stay here and keep watch over this woman and this girl. I will never let anyone-not anyone-try to put them into that crazy boxnot even if the sky should fall or the earth crach open with a roar. 这么温情的故事真不感相信是他写出来得,开始以为又是个苦闷的短篇。
