著者:P G Wodehouse

出版者:Penguin (Non-Classics)

出版时间:05 June, 2000

装帧:Paperback

isbn:9780140284126

Unable to refuse to help a friend, Bertie is placed in one difficult situation after another, always under the watchful eye of his butler.

Jeeves constantly works in the background, undermining Bertie's autonomy and moving the narrative in unexpected directions. He often fails to let his employer in on his plots, and a large proportion of his schemes turn out to expose Bertie to ridicule.

Yet Jeeves also ensures that Bertie's life runs smoothly, steering him through the pitfalls which face a rich young man with too much time on his hands. When in one story Bertie overhears Jeeves describing his employer as "not intelligent", he sets out to disprove the butler's assessment. If it is predictable that things do not go according to plan, then it is Wodehouse's brilliant grasp of comedy which makes the manner in which things go wrong so constantly surprising. And, of course, by the end of the tale Jeeves has proved himself both inimitable and indispensable.

## 评论

Jeeves no.1 (1923)

-----  
LOL.....very funny.....

-----  
没上本好看。

-----  
精彩绝伦的英式幽默，在一百多年后仍然让人捧腹大笑，读得兴致盎然！

-----  
reassuring的感觉真好呀。可能是先入为主的原因，看了书感觉Jeeves and Woodster的选角出色到位！Fry叔处事不乱宠辱不惊淡定有钱剩的形象深深地印在我脑海里~

-----  
6个多小时有声书睡觉听。感觉听完和人对话都是(Very much) indeed, absolutely. 行文太剧本化了，都不怎么需要改就可直接开拍。

-----  
一串前后略有关联的小故事，"Comrade  
Bingo"这篇简直是资产阶级对无产阶级人士的大肆嘲笑啊2333~Bertie的双胞胎表兄也是熊的异常可爱~闪光弹是Bertie和Jeeves由于前者糟糕的品味而冷战最后前者主动承认错误后者没有关系表示你的衣服已经被我烧了。我也是呵呵了。

-----  
Fabulous

-----  
Bingo Little真雷人

-----
