This book helps designers handle those odd projects by detailing all the inside info they so desperately need--from specs and templates, to quick fixes and gritty solutions. Projects cover:

- * menus, order forms, catalogs and annual reports
 - * compact disks, hang tags, labels, polybags and videos
 - * book covers and magazines
 - * self-mailers, invitations, advertisements and solicitations
 - * signage, billboards and trade show booths
 - * awards, forms, buttons, tickets and more
- Designers will find a bounty of approaches and solutions, insider advice for working with printers, photographers, illustrators, and tips for stopping emergencies before they start.
