&#8220;&#8230;a useful insight into what local businessmen are thinking&#8230;&#8221; (Global Turnaround, July 2005)

&#8220;&#8230;interesting and eminently readable...&#8221; (Development Policy Review, Vol.22, No.6, 2004)

The book provides careful and forward-looking perspectives on the challenges China faces in managing its entry into the WTO.

... a useful look at envisioning a worst case and creating a best case for the future of China

Everyone who wants to learn and understand modern China can profit and draw inspiration from this book.

This book is remarkable and shall stand as a reference for future generations.
